WHO WE ARE

A Trusted Machinery Partner

Bharat iON Systems Pvt. Ltd. is a manufacturer and supplier of world-class machinery for the water, beverage and packaging industry. From reverse-osmosis purification to PET bottle blowing, filling, capping, labelling, coding and shrink packaging, we deliver individual machines and fully integrated turnkey lines — engineered for performance, hygiene and dependable, round-the-clock production.

Sales & service

Headquartered in Karheda, Ghaziabad — in the heart of Delhi NCR — we supply, install and support bottling plants for entrepreneurs, established manufacturers, distributors and OEM buyers across India. Our promise is simple: help you produce more, reliably, with one accountable partner from plant design through installation, training and after-sales service.

OUR PURPOSE

Vision & Mission

Vision

To be India's most trusted partner for water and beverage packaging machinery — enabling entrepreneurs to build safe, profitable and future-ready bottling businesses.

Mission

- Deliver reliable, hygienic, world-class machinery.
- Offer honest, manufacturer-direct value.
- Support customers end-to-end — install, train, service.
- Continuously improve design and efficiency.

OUR CAPABILITIES

Machinery We Manufacture

A complete range that covers every stage of a packaged-water and beverage line — available as standalone machines or a single, integrated turnkey plant.

Water Treatment

Industrial multi-stage RO plants for IS 10500-grade drinking water.

PET Bottle Manufacturing

Semi-automatic, hand-feed and fully automatic PET blowing machines.

Filling & Capping

Station fillers, 4-nozzle fillers and 3-in-1 rinsing-filling-capping monoblocs.

Labelling

Servo-controlled self-adhesive sticker labelling machines.

Coding & Marking

Inkjet batch coding for dates, batch numbers and MRP.

Secondary Packaging

Automatic shrink wrapping for transport-ready multi-packs.

OUR PRODUCTS

Machinery We Manufacture

A complete range that covers every stage of a packaged-water and beverage line — available as standalone machines or a single, integrated turnkey plant.

HOW IT WORKS

From Raw Water to Ready Packs

We supply and integrate every stage of the production line, so your plant runs smoothly from raw water to ready-to-ship packs.

RO Purification

PET Blowing

Filling & Capping

Labelling

Batch Coding

Shrink Packing

Turnkey delivery: plant layout & design, machinery supply, installation, commissioning, operator training and prompt after-sales support — all from one accountable team.

OUR STRENGTHS

Built Around Your Success

01

Single Accountable Partner

One team supplies, installs and supports your entire line.

02

Right-Sized Solutions

Configurations matched to your output, budget and space.

03

Installation & Training

On-site commissioning and operator training included.

04

Genuine Spares & Service

Prompt after-sales support and authentic spare parts.

05

Manufacturer-Direct Value

Honest pricing straight from the maker, no middlemen.

06

Robust, Hygienic Builds

Food-grade stainless construction, engineered to last.

WHERE WE SERVE

Applications & Reach

Packaged Drinking Water Plants

Mineral Water Bottling Units

Beverage & Juice Filling Lines

Carbonated Soft Drink Plants

Dairy & Liquid Packaging

Distributors, Dealers & OEM Buyers

From Ghaziabad to all of India

Based in Delhi NCR, we deliver, install and service machinery for customers in Ghaziabad, Delhi, Noida, Meerut and across the country — with prompt support and genuine spare parts.

Let's build your **bottling plant.**

Share your target capacity and city — we'll prepare a tailored machine list and budget, then supply, install and support the complete line, end to end.
